Sustainable Impact

Creating lasting, positive change for the planet, our people, and the communities where we live, work, and do business.

* Recharges your battery up to 50% within 45 minutes when the system is off (using "shut down" command). Recommended for use with the HP adapter provided with the notebook, not recommended with a smaller capacity battery charger. After charging has reached 50% capacity, charging will return to normal speed. Charging time may vary +/-10% due to System tolerance. Available on select HP products. See <https://www.hp.com/in-en/shop> for a full list of product features.

- For best results with HP Sleep and Charge, use a USB charging protocol standard cable or cable adapter with an external device
- The flicker-free capability eliminates screen flickering through integrating DC-dimming LED backlights.
- Full high-definition (FHD) content is required to view FHD images.
- 25 GB of free online storage for one year from date of registration. For complete details and terms of use, including cancellation policies, visit the website at www.dropbox.com. Internet service required and not included.
- Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. The processor's numbering is not a measurement of clock speed.
- Dual fans module only available on select models.

Features

Get a fresh perspective

From a rejuvenated Start menu, to new ways to connect to your favorite people, news, games, and content—Windows 11 is the place to think, express, and create in a natural way.

AMD Ryzen™ 5000 Series Processors

AMD Ryzen™ 5000 Series Processors offer supreme performance, astonishing battery life, and modern features you need on-the-go.

FHD IPS display

Enjoy crystal-clear images from any angle. With 178° wide-viewing angles and a vibrant 1920 x 1080 resolution, you'll always have a great view of your favorite content.
